company profile

1.0 INTRODUCTION

COMPANY PROFILE

OUR OBJECTIVES: To create satisfactory customers base by offering value to clients, staff, environment and the investors.

OUR MISSION: To be recognized as a pre-eminent African Design/Construction Consultant and Contractors brand, providing superior solutions within our niche markets with our client's need always first in mind, a fair return to the owners, and a fulfilling and rewarding careers to all our staff.

MAIN BUSINESS: Our core areas of competence include:

- Geotechnic / Geophysical Investigation
- Design and documentation
- Project management
- Construction works.
- Inspection and testing
- Engineering Services in Buildings

FIELDS OF ACTIVITY: This includes but not limited to:

- Architectural/Structural Designs
- Highway Design/Construction
- Water resources & environmental health engineering
- Geotechnical engineering services
- Hydrology/Hydrogeology
- Transportation planning & traffic engineering
- Engineering Services in Buildings

SHARE CAPITAL: One Million Naira (#1,000,000.00) or 1,000,000 Ordinary Shares at #1.00 per Share, Fully Paid. With deposit of Ten Million Naira (#10,000,000.00) for additional shares.

REGISTERED: June 2008

PRINCIPAL OFFICER: The Management team is headed by Engr. S.I.A. Edidi, a renowned Civil/Structural Engineer of high repute who holds majority shares of the company and currently serves as the Managing Consultant/Director. He is assisted by four (4) Executive Directors. Together with a Non-Executive Director, they formed the Board of Directors of the Company.

STAFF SRENGTH: Fifteen as of October 30, 2014, on staff payroll, assisted by temporary staff on site as per business demands.

CLIENT SUMMARY TO DATE: Banks and other Financial Institutions – over 10 projects.
Government / Government Institutions – over 2 projects
Corporate / Commercial Enterprises – over 15 projects
Individuals – over 20 projects.

PROJECT SUMMARY TO DATE: Engineering services – over 50 projects.
Project Supervisions/Construction– over 25 projects
Project Designs – over 100 projects.
Inspections / Testing / Structural Appraisals – over 5 projects

BANKERS: FCMB, Ojuelegba, Lagos State, Nigeria

AUDITOR/ Ayinde Babatunde & CO.

TAX CONSULTANTS: (Chartered Accountants),
9, Koseh Street, Apongbon, Lagos,
Nigeria

SOLICITORS/ Barr. Samuel Etaifo Esq

LEGAL ADVISOR:

12, Simpson Street, Lagos

PRODUCT / SERVICE

We are a multi-disciplinary design consultancy, construction and project management practice outfit, offering a wide range of Engineering consultancy, construction, and project management in different parts of the country.

At Envo Structs Nigeria Limited, our services transcend well beyond Engineering and Construction. We offer an extensive range of consultancy services from Conception and Feasibility Investigation to Preparation of Design Drawings, supervision of construction works. The group comprises Architects, Civil/Structural Engineers, Mechanical Engineers,

Electrical Engineers, Quantity Surveyors, and Auxiliary Staff. However, when a particular specialist service is required, arrangements are made to get such services.

Because of our divergent experiences, we offer unrestricted services/products to meet the business needs of our clients.

1. SPECIALTIES/PRODUCTS

The area of specialization of the company includes:

- Geotechnics
- Design and documentation
- Project management
- Construction works.
- Inspection and testing, and
- Engineering Services in building

GEOTECHNICS

We offer expertise in virtually every facet of Geotechnical Engineering services that may be required for your projects. We routinely conduct surface and subsurface geologic and geotechnical investigations and construction support, which include;

- Feasibility Studies Development
- Geotechnical site investigations
- Laboratory testing
- Engineering Analysis
- Construction Observation & Testing
- Pile Foundation construction

DESIGN AND DOCUMENTATION

Detailed project programming, detailed design and tender drawings; complete tendering and contract documentation; production of project control manual.

PROJECT MANAGEMENT

Budgeting and project programming, progress monitoring and control; identification of critical activities; liaison with client's contractor(s) and third parties; issuance of contract documents and tender evaluation; coordination of all works from conception to final handover to the client.

SUPERVISION OF CONSTRUCTION/CONSTRUCTION WORKS

Preparation and issuance of supplementary working drawings and instructions; checking contractor's detailed orders and drawings; works inspection and witnessing of testing; progress monitoring; quality control commissioning, measurement of installed quantities; authorizing payments; issuance of completion certificates.

Construction of Buildings, Jetties, Culverts, Drains, Road works, including Asphaltting, Concrete pavements, interlocking paved ways, and general civil engineering constructions

INSPECTION AND TESTING

Inspection, quality controls, and reporting on materials, plants, and equipment during manufacture; supervision of specialist processes and testing of construction materials; inspection of existing structures to determine the structural stability and continuous existence of such structures, and general renovation/rehabilitation works

ENGINEERING SERVICES IN BUILDINGS

Rehabilitation of existing Mechanical and Electrical works in buildings, Installation of Security System in Buildings, Design and Landscaping of Facilities.

2. ENGINEERING SERVICES

The area of services being offered by the company includes:

- ❖ Architectural/Structural Designs
- ❖ Highway Design/Construction
- ❖ Water Resources & Environmental Health Engineering
- ❖ Geotechnical Engineering Services

- ❖ Transportation Planning & Traffic Engineering, and
- ❖ Engineering Services

ARCHITECTURAL/STRUCTURAL DESIGNS

Architectural/Structural designs of industrial complexes, residential buildings, community centres, defence works including industrial developments of factories, warehouses, and buildings with specialist requirements, multi-story apartment blocks and housing for new townships; community facilities such as shopping canter and markets, theatres, schools, hospitals and hotels, also railway stations and airport buildings; defence works such as protected command centres, military barracks and training centres. Inspection and renovation/refurbishment studies of existing structures are also undertaken.

HIGHWAY DESIGN/CONSTRUCTION

Bridges, culverts, or bridges with relatively long clear spans in concrete or structural steel. Low cost and feeder roads serving rural communities; road networks for industrial, housing estates, and new townships; urban and inter-urban highways, expressways, and motorways involving a full range of highway structures; upgrading and rehabilitation of existing roads. Comprehensive services include route location geometrical, earthwork, pavement, and drainage designs in various conditions of soil topography and climate. All lighting, computer-based traffic control, and communication systems. Mass transit projects, testing of low-cost materials for low-volume roads

WATER AND ENVIRONMENTAL HEALTH ENGINEERING

All types of water supply projects; investigations for groundwater; dams, pipeline services, reservoirs, and water treatment plant studies and designs. Design of sewerage systems and wastewater treatment plants. Evaluation of standards for the protection of the environment. Drainage and canalization designs, flood routing and control, including irrigation and hydrological studies. Water resources development and agricultural projects.

TRANSPORTATION PLANNING AND TRAFFIC ENGINEERING

Capability covers local area plans, urban transport master plans, national and regional studies, public transport planning, street numbering, and computer mapping. Use of appropriate technology, including the latest computer and electronic methods.

ENGINEERING SERVICES/CONSTRUCTION SUPERVISION

Supervision of construction works for Residential/Commercial, for Low and Medium Rise Buildings, Single and Multi-Cell Box Culvert, Water Retaining Structures, Roads, Jetties and Drains. Water and Wastewater Piping, Oil Piping, Mechanical Services in Buildings and General Building works.

NOTE:

If you require further clarification on any of the above product offerings, do not hesitate to contact the above numbers or send an email to us. We shall be glad to attend to any of your questions.

DIRECTOR'S PROFILE

Engr. Edidi S. I. A. Managing Consultant/Director

Edidi S. I. Ayodeji, by virtue of his position, is the CEO of Envo Structs Nigeria Limited. He oversees the overall Management of the company and heads the firm's business negotiation team. His experience in Engineering Consultancy/Construction and business knowledge, among others, has been an asset to the company during project development, designing, re-designing of existing structures, and general construction works.

He has worked in different capacities in various organizations among which include Bertoneng (Nigeria) Limited as a Civil/Structural Engineer, Broadscope Nigeria Limited, Lagos State Ministry of Works & Transport, Nigeria Airport Authority, and, until recently, with Lagos State Polytechnic, where he retired as a senior Lecturer and Head of Department.

Engr. Edidi holds an MSc in Civil Engineering from the University of Lagos, a B.Eng. in Civil Engineering from the University of Ilorin, and earlier qualifications from Lagos State Polytechnic (ND, Civil Engineering). He also had to his credit numerous workshops and conferences organized by COREN, the Nigerian Institute of Structural Engineers, and the NSE, among others.

Edidi's membership of professional associations includes the Council for Regulation of Engineering in Nigeria (COREN) and Nigerian Society of Engineers (NSE) and Nigerian Institution of Civil Engineers (NICE)

He had served in various Committees of the Nigerian Society of Engineers and the Lagos State Polytechnic Governing Council, and the National Board for Technical Education (NBTE). He is happily married with children.

Engr. Onitilo A. D.
Executive Director Engineering

Engr. Onitilo Adewunmi Dada is the Executive Director of Engineering at Envo Structs Nigeria Limited Board.

He holds a BSc in Civil Engineering from the University of Lagos (UNILAG). He is a member of the Council for Regulation of Engineering in Nigeria (COREN) and the Nigerian Society of Engineers (NSE).

His working experience spans over a period of 35 years in the field of design and construction works, both in Structural and Civil engineering.

Engr. Onitilo has served in various committees of the Nigerian Society of Engineers. He is happily married with children.

Arc. Quadri H. A.
Executive Director of Architecture

Arc Quadri Hakeem Ademola holds an MSc in Project Management from the University of Lagos and an MSc and BSc in Architecture from the University of Nigeria, Nsuka. He is a member of the Nigerian Institute of Architects (NIA) and a member of the Architects Registration of Nigeria (ARCON)

His work experience spans over 30 years, covering both design and construction of both private and public infrastructures, as well as project management of coordination. He is happily married with children.

Adeyemi Adebayo
Director, Planning & Research

Adeyemi supervises and coordinates the firm's planning and research activities. His Portfolio includes the firm's product development and maintaining its quality / standard policies.

A registered Town Planner, graduated from Yabatech (HND, Town & Regional Planning) with an additional Post Graduate degree from the school.

He is happily married with children and currently leads the Project Evaluation and Assessment Committee.

Ms. Fatoki R. T.
Director, Admin & Finance

Ms. Fatoki coordinates the company's accounting, finance and personnel functions. A Chartered Accountant and member of the Institute of Chartered Accountants of Nigeria (ICAN), Ms. Fatoki has experience covering various auditing and accounting firms.

She holds HND in Accountancy from The Polytechnic, Ibadan, Oyo State, Nigeria. She is happily married.

Our Management embraces a team-leadership approach in which everyone from the top sees themselves as part of the team. Our Units are controlled by Management Team Leaders (Project Managers) and supported by a competent team, comprising of diverse professionals as reflected on the Board

LIST OF EXECUTED

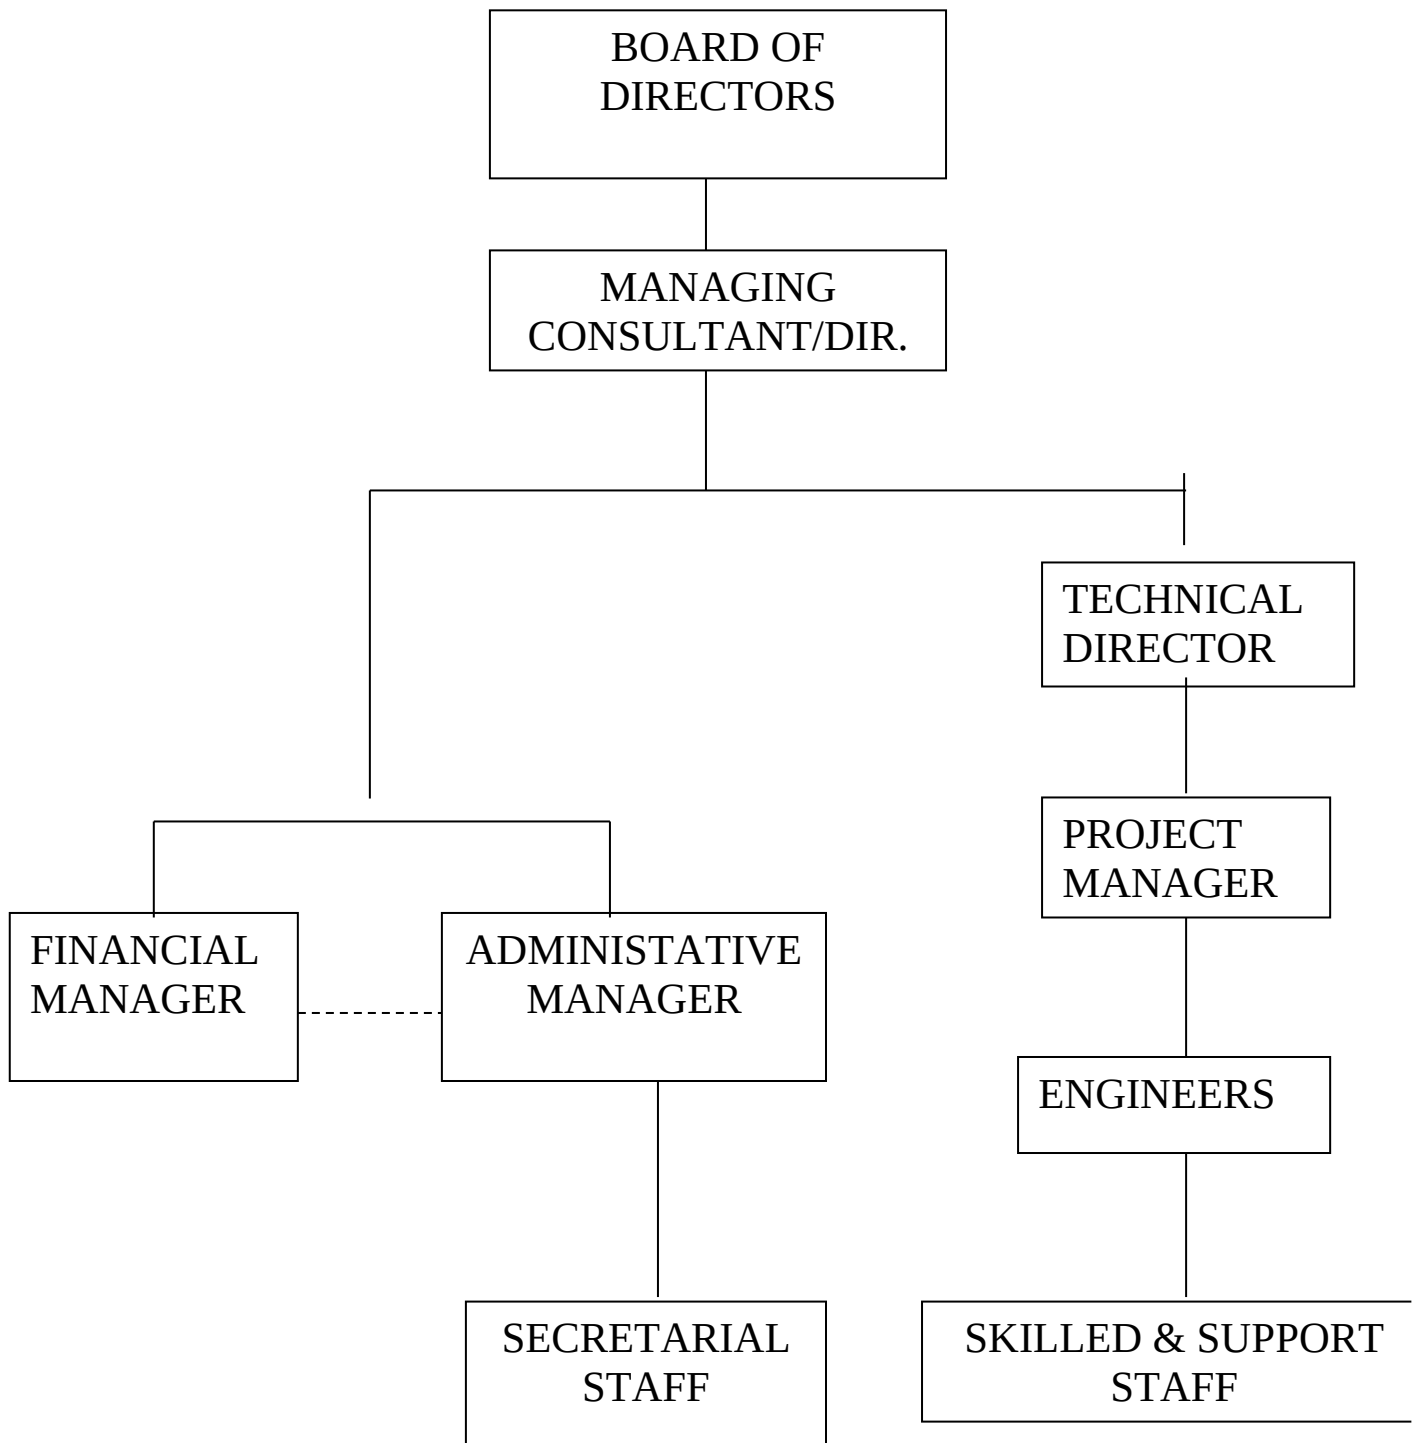

JOBS

Some works executed in the past include:

- (1) STRUCTURAL DESIGN OF PROPOSED 15-STOREY SWISS INTERNATIONAL HOTEL ABEOKUTA (6.5BILLION)
- (2) CONSTRUCTION OF A BLOCK OF CLASSROOMS FOR THE DEPARTMENT OF INSURANCE, LAGOS STATE POLYTECHNIC, IKORODU (110M)
- (3) STRUCTURAL DESIGN WORKS FOR THE PROPOSED SWISS SPIRIT HOTEL, MAKURDI, BENUE STATE (N1.2BIKKION)
- (4) SUB SOIL INVESTIGATION/STRUCTURAL DESIGN WORKS FOR PROPOSED RESIDENTIAL DEVELOPMENT AT HOUSE 49 AG STREET, FEDERAL LOW COST HOUSING ESTATE, IKORODU (450,000)
- (5) SUBSOIL INVESTIGATION FOR THE PROPOSED DEVELOPMENT FOR THE LAGOS FREE ZONE DEVELOPMENT COMPANY AT LEKKI, LAGOS (2.1MILLION)
- (6) DESIGN AND CONSTRUCTION OF RESIDENTIAL JETTIES FOR PRIVATE USE IN LEKKI.(6M)
- (7) DESIGN AND CONSTRUCTION OF LOCAL JETTY FOR IGBOLOGUN COMMUNITY AT SNAKE ISLAND LAGOS (4.1M)
- (8) SUB SOIL INVESTIGATION/STRUCTURAL DESIGN FOR PROPOSED RESIDENTIAL DEVELOPMENT AT RUXTON ROAD IKOYI, LAGOS STATE (2M)
- (9) STRUCTURAL APPRAISAL OF A THREE STOREY BUILDING AT LAFIAGI STREET LAGOS (0.25M)
- (10) SUBSOIL INVESTIGATION AND DESIGN OF CASSION PILES FOR PROPOSED RESIDENTIAL DEVELOPMENT AT IFAKO GBAGADA LAGOS (4.8M)
- (11) SUBSOIL INVESTIGATION/DESIGN AND INSTALLATION OF BORED PILES FOR NASFAT AT ISOLO LAGOS (12M)
- (12) CONSTRUCTION OF NASFAT CENTRAL MOSQUE AT ISOLO LAGOS (80M)
- (13) DESIGN/INSTALLATION OF MICROPILE FOR SPECTACULAR BILLBOARD AT SURULERE LAGOS (5.4M)
- (14) COMPLETION OF THE CONSTRUCTION OF CELESTIAL CHURCH HEADQUATERS AT IMEKO OGUN STATE (50M)
- (15)

PROFESSIONAL Member, Council for Regulation of

QUALIFICATIONS: Engineering in Nigeria (COREN) 1996 (**R6610**)
Member, Nigerian Society of Engineer
(MNSE). 1996 (**07462**)

MAIN PROFESSIONAL EXPERIENCE

(APRIL 2009 TO DATE):

ENVO STRUCTS NIGERIA LIMITED

MANAGING DIRECTOR/CONSULTANT

- *Design of jetty, buildings and other Structural works*
- *Coordination of all other civil/Structural works*
- *Managing Staff and coordinating sites.*

OTHER PROFESSIONAL EXPERIENCE

APRIL 1992 - DATE

- Design and construction of a Local Jetty at Snake Island
- Design and Supervision of INE OIL Filling Station at Lekki
- Supervision of Laying of Interlocking Stones for a Tertiary Road at Lekki.
- Design of Pile foundation for a residential House at Gbagada
- Design /Supervision and Cost analysis of Lagos State Polytechnic Projects.

BERTONENG (NIGERIA) LIMITED.

(APRIL 1992 TO FEBRUARY 1999):

Civil/Structural Engineer

- DESIGN OF 5 STORY BLOCK OF FLATS AT WUSE 1 DISTRICT PLOT 1686/A ABUJA:

Design was of hollow pot slabs with flat surface framing into columns through beams with life shaft incorporated. The column rest on a pad/strip footing.

- DESIGN/SUPERVISION OF CONSTRUCTION WORK OF A 4 STOREY BUILDING FOR MS. NORMAN INVESTMENT AT 76, ADENIJI JONES AVENUE, IKEJA

The Project a twin structure with solid slabs, beams and columns which rest on site, cubes collected for testing, material control and general site management.

- SUPERVISION OF A DUPLEX AT LEKKI:

Major works includes dewatering of site to receive foundation ground beams: articulation of all structural elements and checking of reinforcements.

- REDESIGN AND SUPERVISION OF RENOVATION OF A BUILDING AT OYEWUNMI CLOSE SURULERE:

It involves appraisal of existing building in relation to the new design, supervision includes systematic replacement of the structural elements, introduction of new foundation and monitoring of material and concrete mix.

- DESIGN AND SUPERVISION OF CONSTRUCTION WORKS FOR A RESIDENTIAL BUILDINGS AT FESTAC:

Design of member elements i.e. slabs, beams, columns and foundation, dewatering of site, precise construction of form works, monitoring of concrete mixes material and site organisation.

- DESIGN OF MULTIPURPOSE BANKING HALL AT OPEBI ROAD, OPEBI VILLAGE IKEJA.

Designed using clay pot with flat beams, elements include shear walls/lift shaft, beams, slabs, columns foundation etc.

- DESIGN AND SUPERVISION OF CONSTRUCTION WORKS OF A RESIDENTIAL BUILDING AT AJAO ESTATE, ISOLO.

Design of all structural elements, including pile foundation caps, monitoring of the installation of the bored poles and general overseeing of works.

- DESIGN OF STEEL STRUCTURE WITH ROOF TRUSSES AND STANCHIONS WITH BASE PLATE FOR JOHNSON WAX NIGERIA LIMITED.

Some other projects executed includes:

- Design of Residential Building for Dr. Olufolake Adebisi (Mrs.) at Ijebu.
- Design of swimming pools.
- Design and supervision of renovation of a Building at Oyewunmi Close, Surulere.
- Design of Twin Duplex for Ideal Flour Mills at Lekki.
- Design of duplex at Block 121, Plot 13, Ipaja New Town Scheme, Ipaja, Ikeja, Lagos.
- Design of proposed family house at MENDE Village, Shomolu, L.G.A.
- Design of three storey building, at OPEBI Village, I.L.G.

- Design of Residential/Church house at IFO Local Government.
- Design of Residential building, at IFOSHI FAMILY LAND at Ejigbo Town, Near Isolo, Mushin.
- Design of office complex at Shangisha, Ikeja.
- Design of Women Development Centre, at Animashaun, Lagos.

PREMIMINARIES.

- Design of Residential Development at OMOLE Residential Scheme.
- Design of Residential Development at ORAZI RUMUEME, OBOI AKPOR L.G.A. River State.
- Design of Residential Building at IGBOGBO, Ikorodu.
- Design of Residential Building at Plot No. 577, CADASTRAL ZONE, A7, ABUJA.
- Design of Hostel Accommodation at Ward 11/K EKOSODIN Village, EDO STATE.

BROADSCOPE (NIG.) LIMITED.

August 1991 to March, 1992:

Design of Residential Buildings.

- Design of Industrial Buildings.
- Preparation of Bills of Quantities.
- Design of Culvert across a road in Lagos.
- Design of Commercial Buildings of between 3-6 Floors in Lagos.

LAGOS MINISTRY OF WORKS & TRANSPORT (Consultancy Services)

- Supervision of Structural Fence work for Lagos State Schools.
- Supervision of Concrete works in foundation and floor slab in schools for Lagos State Government.
- Preparation of bar bending schedule for Lagos State Government Projects.

NIGERIAN AIRPORT AUTHORITY

- Resurfacing of tarmac runway for Nigerian Airport Authority (Maintenance Works).
- Design and supervision of construction works for Multi-car park and Shopping Centre for Nigerian Airport Authority at NACO Base.

PROJECT/RESEARCH/ PUBLICATION:

- Design of Residential Building (4 Flats)
O.N.D. Project 1986.
- Design of Weigh Bridge
B. Eng. Project 1991.
- * *Appraisal on structural stability of a two-storey multi-purpose residential building in Lafiaji area of lagos state*
- * *causes of building collapse in lagos state*

* *introductory strength of materials. (production state)*

PRIZES:

- Best student in Structural Design

O.N.D 1986.

- Overall best student – CIVIL ENGINEERING.

Lagos State College of Science & Technology,

(Now Lagos State Polytechnic, Isolo, Lagos.

O.N.D.

TRAINING AND COURSES ATTENDED

- Design of Multi-Storey building (NSE organised workshop)
- Design of Foundation (NSE organised workshop)
- Incidences of Collapsed building In Nigeria (NiStrE organised workshop)

CURRICULUM VITAE

NAME Onitilo Adewunmi Dada (Engr.)

ABILITIES Proficiency in Computer packages such as **Microsoft Word, Excel, AutoCAD, Microsoft Project** and **Structural Design Software** for Buildings and Civil Engineering Structures

- ❖ Take charge of project from conception, design, supervision to execution
- ❖ Quality Control Assurance

EXPERIENCE RECORDS

2009 to date: **Executive Director (Envo Structs Nig. Ltd)**

- ❖ Attending board of directors meeting to see to the smooth running of the organisation.
- ❖ Training of upcoming engineers in the field of civil/structural Engineering.
- ❖ General Monitoring of on going projects at both the design and implimentation stages.

2007 to 2008: **Project Coordinator/Stabilini Visinoni Limited**

- ❖ Coordination of the following five (5) sites but not limited to tasks such as preparation and implementation of programme of works, resolution of consultant/client issues, resolution of site workers issues, implementation of design concepts, adequate supply and usage of site materials, equipment and manpower:
- ❖ Six storey Nigerian Bar Association Secretariat, Victoria Island
- ❖ Maggi Factory Extension for Nestle Nigeria Limited, Agbara, Ogun State
- ❖ Design and supervision of 2- unit twin duplex for Nestle Nigeria Limited
- ❖ 2 private residential buildings undertaken by Stabilini Visinoni Ltd

2006 to 2007: **Project Manager/Lekki Essential Services Limited**

- ❖ Project Manager responsible for design of civil structures, standardization and implementation of site procedures during the execution of the following projects:
- ❖ Nozak Oil Depot at Calabar
- ❖ Total Nigeria Plc Tank Farm at Calabar
- ❖ Construction of purpose built student hostel at Ago-Iwoye, Ogun State
- ❖ Renovation/reconstruction of 4 dilapidated houses at Notore Estate Onne, Rivers State, for Notore Chemical Industries.
- ❖ Structural engineering work in association with MIDC Project Managers on the reconstruction of the burnt NNPC office building in Ikoyi.

2004 to 2006:	Chief Resident Engineer/Consultant, A-kan Nigeria Limited, in Association with Springfountain Consultants, Lagos. ❖ Project Manager responsible for providing project management and consultancy services the following projects: ❖ Reconstruction of Road Network within Tin Can Island Port Industrial Estate Apapa, Lagos for Nigerian Ports Authority (NPA). ❖ Greenfield Ro-Ro Jetty and Berthing Facility (BOT) Harbour Extension Project at Tin Can Island Complex for Nigerian Ports Authority (NPA).
2002 – 2004:	Private Practice, Lagos. ❖ Structural design and construction supervision of residential and office buildings for private and corporate clients. ❖ Design and construction supervision of the Water Intake Rehabilitation Works for United Beverages Company, Ibadan.
2000 – 2002:	Project Manager, Sparklight Engineering Company Limited, Lagos. ❖ Site agent that led the team for the construction works of: ❖ Isiwo Road Surface Dressing Construction, Ogun State (9km). ❖ Asaba – Illah - Ebu Road Construction, Delta State (42km).
1996 – 2000:	Principal Resident Engineer, Civtra International, Engineering Consultants, Lagos. ❖ Petroleum (Special) Trust Fund Project – LOTS 24B & 25: Design and supervision of the reconstruction and rehabilitation of the following urban and rural roads: ❖ Benin City Township Roads (28 km of different roads) ❖ Awka Township Roads (25 km of different roads) ❖ Onitsha Township Roads (8 km of different roads) ❖ Zik Compound Internal Roads & Zik Roundabout, Onitsha ❖ Onitsha – Owerri – Aba Road (155km of federal highway)
1992 – 1996:	Senior Engineer, Structec Consultants, Lagos ❖ Supervision of construction of 4No. 2-storey houses using raft foundation at Lekki Peninsula Scheme One. ❖ Design and supervision of flood prevention concrete pavement (165m³) and drains around warehouses at Nadeco yard, Ogba, Ikeja, Lagos ❖ Supervision of construction of 2-unit duplex with raft foundation at Ajiran village, Lagos - Epe expressway. ❖ Design and construction of 2-storey residential flats at Obadore, LASU - Idimu road. ❖ Construction of earth roads and drains for LSADP at Ikorodu (14 km). ❖ Construction of industrial warehouse for daylight soap industries at Alagbado, Lagos. ❖ Supervision of construction of foundation to DPC level for Methodist Church Cathedral, Oshodi.
1988 – 1992:	Assistant Project Engineer, West Niger Engineering Construction Limited, Lagos ❖ Construction of Olaleye road, Iponri, Lagos for FMW&H (0.96 m). ❖ Construction of network of surface dressed roads, asphaltic concrete roads, reinforced concrete drains and culverts for FMW&H Site and services scheme Akure, Ondo state. (14km)

1987 – 1988: **Site Engineer, Dungulibi Nigeria Limited, Lagos.**
❖ Rehabilitation of roads and drains at Satellite town, Lagos for FMW&H.

Education: B.Sc. (Hons), Civil Engineering, University of Lagos (1986)

Professional Membership Member, Nigerian Society of Engineers (NSE)
Registered Engineer, COREN
